The cover features a large, stylized clock face in the background. The numbers 11 and 12 are visible at the top. The clock face is set against a dark blue sky filled with numerous colorful fireworks in shades of red, white, and blue. The word "YEARBOOK" is written in a large, bold, blue-outlined font across the center. The number "2000" is integrated into the design, with the "2" being particularly large and stylized, and the "000" part appearing as three small circles.

## Address

*Dear Class of 2000,*

*I hope your years at FHS have good years filled with friends, challenges, triumphs, insights, and personal and intellectual growth. You'll now be leaving FHS for a new set of challenges and opportunities in the wider world beyond. May the foundation you've built at FHS serve you well in all that you attempt. Best wishes for a wonderful future.*

## Address

*To the Class of 2000,*

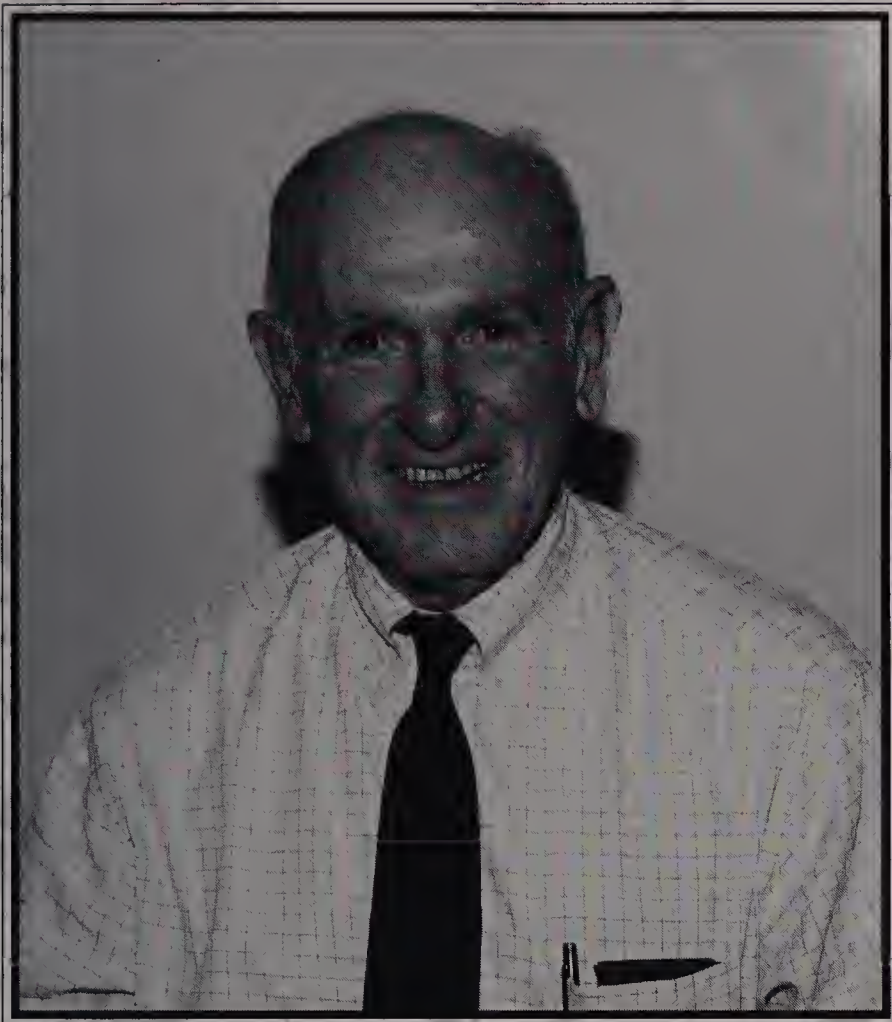

*Congratulations for successfully completing your preparation for the life long learning process upon which you are about to embark. The effort you apply toward reaching your goals will determine whether you reach those goals or not. Effort is the key to happiness and success.*

*Please return to visit us in the future and let us know how you are doing. We wish you success in this new millenium.*

# YEARBOOK DEDICATION

*Mr. Vaughn Avedian*

The Class of 2000 would like to dedicate their yearbook to Mr. Avedian.

He served us, along with many other classes, as our mentor of the sciences. The 1999-2000 school-year brought his retirement, and his absence throughout the remaining year was missed greatly.

We will always remember his classes. The Class of 2000 is the only remaining class to have participated in the Fairhaven High School Science Fair. Mr. Avedian had been an instructor of a good majority of the students in our class, and helped to produce the science fair involving our class in it. We wish the best for Mr. Avedian and dedicate this book in honor of him.

# Class President

"It was the best of times. It was the worst of times." We'll always remember that line, and we'll always remember Fairhaven High School. I'm sure that there were plenty of times during our high school lives that we can look back and say, "I'll never forget that!" I am also very sure that there were some times that you wish you could erase from your memory. Whether this journey was the most memorable experience of your life, or the most stressful, you should always carry with you the feeling of great pride and accomplishment for having stuck it out in the end. For those of you who did just suck it up and worked through the griefs and pains that high school can cause, I commend your commitment to your education and your will to succeed. I hope that you can feel accomplished that you were not one in the crowd that gave up on their lives. For those of you that are going to further your education elsewhere, I wish you the best of luck and hope that you can appreciate what Fairhaven High School has given you.

I know personally just how hard it is to concentrate on school when everything seems to be working against you. Sometimes things like hard classes, losses of friends and loved ones, or other distracting events have made it very difficult to maintain focus on school and our responsibilities. While the odds are not always in our favor, the ball is always in our hands and we must do with it what is needed in order to succeed. Make careful decisions, work hard, and believe in yourself and you have a very bright future ahead of you. Good Luck Class of 2000, it has been a pleasure being here with you, but a new century has opened up a new path for us, and we must hit it hard and be the leaders of the future!

Good Luck Class of 2000,  
Jonathan Davies

# Huttlestonian Editor-in-Chief

The past four years of high school and all of the years prior to it combine to make a long journey for each and everyone of us. The years have been filled with joy, sorrow, perpetual struggles in all aspects, and so much more. Nevertheless, we have finally made it to the end of what I call "Phase I". From here on, many will continue their education, while some may immediately start life's longer journey of entering the work force - "Phase II". Only time will tell our futures, but this yearbook will always be there to tell your pasts and revive the memories. The theme of Y2K and Technology signifies our past decade, the Technology Age, and the journey forward into the new millenium. I hope all the hard work to design and produce this book shows and is appreciated. Now, at the end of Phase I, I would like to leave you with something to reflect and shine upon both your past and future....

## What Is Success?

To laugh often and much;

To win the respect of intelligent people and the affection of children;

To earn the appreciation of honest critics and endure the betrayal of false friends;

To appreciate beauty;

To find the best in others;

To leave the world a 'bit better, whether by a healthy child, a garden patch, or a redeemed social condition;

To know that even one life has breathed easier because you have lived;

This is to have succeeded.

-Ralph Waldo Emerson

# Thank You!

# 2000 Huttlestonian Staff

The size of the staff “dwindled” as the year progressed, but we would like to thank those that helped in any way to make this book possible. So, if you helped, and you know who you are Thank You!! A Special thank you to the small number of you that brought in the most money by selling ads etc. Tom Pacheco, Adviser

One more Thank You to the one person who stayed from start to finish...without him this book would never ever have been done!!! Thanks to my friend, **James Gagne!!!!!!**

Matt Verronneau

**Matt,**

We know that you will be as big a success as you were growing this pumpkin.

Good Luck Always...  
**Grandma & Grandpa**  
XOXO

*Angela Christine Alexandre*
